

Removing Stains from Natural and Concrete Stone

The listed dirt and blemishes can be removed with the LITHOFIN-Products named in this table. Most stains can be removed completely, in some cases traces may remain even after repeated use.

Key: ○ recommended product ○ alternative product □ use if recommended product is not sufficient

* 1) do not use on polished or honed marble, limestone, concrete stone or other acid sensitive surfaces.

* 2) assist mechanically with a white nylon pad or brush.

* 3) test to ensure the product does not damage the material.
